Overview

Sheetal Prime Design and Construction LLC SPC is a UAE based engineering and construction company specializing in luxury residential construction and premium interior environments. Headquartered in Al Khabeesi, Al Ain Abu Dhabi, the company delivers villa construction, interior design, interior fit out and renovation solutions. Led by an experienced architect with over fourteen years of industry experience, Sheetal Prime combines architectural creativity with practical construction expertise to deliver well planned and high quality projects.

Through collaboration with its sister company Vidhi Design Consultant, established in 2012, the company integrates professional design with efficient construction execution to deliver elegant homes and refined interior spaces.

Vision

To be a trusted leader in the UAE construction industry by delivering luxury villas, premium interior spaces, and high quality construction solutions that combine innovation, elegance, and lasting value.

Mission

To create exceptional residential and commercial spaces through innovative design, professional construction management, and superior craftsmanship while maintaining the highest standards of quality, safety, and client satisfaction.
